## How We Struck Italy

**Britain's Fleet Air Arm At Work**  
The crippling of the Italian fleet at Taranto is the second important British victory in the war, states Major F. A. de V. Robertson V.D., the authority on aeronautics.

"The first," he says, "was the defeat of the German air attack on Great Britain. The credit for the latter goes to the Royal Air Force; that for the former to the Fleet Air Arm. Only the Fleet Air Arm could have struck so hard at the Italian warships, because only that body could have brought torpedoes within striking distance of the enemy fleet, and only torpedoes could have done such overwhelming damage.

"The type of aircraft used in the attack was the Fairey Swordfish, which is known in the Navy as a T. S. R. machine. The initials stand for torpedo-spotter-reconnaissance. As hangar space on an aircraft carrier is limited, the Fleet Air Arm cannot indulge in many specialist types of aeroplane. The Swordfish and the Albacore are both of the T. S. R. class; the Skua and the Roc (both products of the Blackburn firm) have to combine the duties of fighter and dive-bomber. In addition, the wings of ship-borne aircraft (with the exception of the Sea Gladiator) have to fold back to save space in the hangars and the lifts, and there are other requirements which detract from their performance and make them, class for class, inferior to shore-based machines. For this reason the Italians have never built carriers, reckoning that long range bombers with bases on Sardinia, Pantelleria, and the Dodecanese, could cover the whole Mediterranean.

"However," says Major Robertson, "the Fleet Air Arm has just recently acquired a specialist fighter, the Fairey Fulmar, which is faster and altogether better than any ship-borne fighter. Already the Fulmar has been in action, and has shot down a number of Italian reconnaissance machines which were trying to shadow the British fleet. If the Italians can be kept in ignorance of the movements of our warships, their task of getting supply ships across to Libya and the Dodecanese will become more hazardous even than it was before.

## FRIENDS PAY LAST RESPECTS TO THE LATE MRS. MARSTON

The United Church was filled with sympathizing friends who had come to pay a last tribute to an old friend on Sunday last when funeral services for the late Mrs. H. V. Marston were conducted by Rev. Dr. Hollingsworth, assisted by Rev. H. V. Ellison. Both spoke of the sterling qualities of the deceased as a mother and as a pioneer in the Crossfield district.

She came to Crossfield with her husband and family in March 1901 when they took up a homestead west of town, living there until 1916 when they left for Portland, Oregon, where Mr. Marston met with a fatal accident. During their stay in Crossfield, the Marston family were interested in the affairs of the village both socially and religiously, and also extended their energy in the building of the United Church. During her widowhood, Mrs. Marston resided first with her son Rupert in Everett, Washington, afterwards with her sons, Edgar of Bralorne, B. C., and Clarence in Calgary where her death occurred on Thursday of last week, at the age of 89 years.

Interment took place in the Crossfield cemetery, where Dr. Hollingsworth performed the last sacred rites. Mr. Reed, C. Reed, Louis Bliss and H. Loudon, all of Calgary, D. Ontkes and Lee Ableman, of Crossfield, acted as pallbearers.

## HOCKEY

### CROSSFIELD AT INNISFAIL

In their first game of the High School Hockey League last Monday night, Crossfield got away to a good start by trouncing Innisfail 5-2.

The C.H.S. led all the way, scoring one in the first, two in the second and two more in the final frame. Their northern rivals registered both their markers near the end of the second period of the rough encounter. Jack Fleming with 3 goals and J. Stevens with 2, were the sharpshooters for Crossfield. George Fleming made two assists and L. Hopper, J. Fleming and C. Carmichael, each one.

### CARSTAIRS AT CROSSFIELD

Ten minutes overtime failed to break a 0-0 deadlock in a High School league game between Carstairs and Crossfield here Tuesday night. The game was even and fast until midway in the 3rd period when falling snow slowed things down. Both sides had some close calls and both goalies earned their shut outs. Late in the second period Jack Fleming sustained a broken nose and was unable to play the rest of the game.

## LOCAL CURLERS WIN AT CARSTAIRS

The mild weather of last week caused postponement of the Carstairs bonspiel in which two Crossfield rinks, E. Devins and D. Ontkes, met in the finals of the Eaton event. Play-offing this afternoon on Crossfield ice, Devins won from Ontkes 14-7. Personnel of the rinks: H. R. Ballam, skip; E. Devins, 3rd; D. I. Hall, 2nd; Wilson Stafford, lead; W. J. Wood, D. ## Egyptian Port Retaken by British

Surrounded by highlands of vital military importance, and situated on a splendid bay, the port of Sollum (Salum), in northern Egypt, has again changed hands during heavy fighting. The Italians occupied the port in October, but the British, following a hard-hitting offensive, are now again in possession.

### PROMISING MATERIAL—

The Independent's choice of J. H. Walker, M. L. A. of Warner, Alberta, as their house leader seems to be keeping in step with the ideals of the group to give their constituencies the strongest possible representation in the Alberta legislature. Mr. Walker should make an outstanding leader knowing the problems facing the country today, garnered from his personal experience as a farmer, municipal reeve, and executive of the Knight Sugar Co. Limited.

### NICE GOING—

The New Year has brought out a portion of the silver lining in the war clouds of Europe. With the successful operations of Britain's land, sea and air forces, the Axis partner's beautiful dream is turning into a dreadful nightmare.

The invasion of England idea will have to be discarded if the attempt is not made very soon, as Hitler's chances of any success is slipping fast.

Italy admits the British blockade has been undented, and the loss of Italy's African garrisons all point to the early downfall of Italy's power in Africa and the Mediterranean.

### UNITED CHURCH SHORT COURSE SCHOOL

The first attempt of the Alberta Conference of the United Church to establish a short course school will be made at Red Deer January 20th to February 1st, when a fine program will be given to students at as nominal a figure as anywhere in Canada.

Rev. H. C. Burkholder of Vancouver, popular among young people everywhere, will head two courses. Rev. T. R. Davis of Highlands Church, Edmonton, another and Rev. Stanley Scott of Bonneyville a fourth. The school is being opened as a means of providing new leadership and information for those interested in the work of the Christian gospel. Registration is at a minimum of \$10. for the twelve days, with food being accepted to the extent of \$8. on the fee. Registration is limited to 25 students this year and for this reason you are asked to register early with Rev. Russell Rosa, of Red Deer. Rev. W. J. Huston of Rimley is director.

## The World of Wheat

By H. G. L. Strange

Some are taking a gloomy view of the future of the prairie wheat industry. For myself, however, I feel optimistic, and here are some of the reasons:

(1) Methods have now been found that will permit flour to be fortified with the precious Vitamin B. This will make bread more nutritious and should lead, of course, to an increase in bread consumption.

(2) World population is steadily increasing at the rate of about 1% per annum. This should call for an increased wheat consumption of at least 35 million bushels each year.

(3) During the past twenty years the great trade routes of the world have been cluttered up with high tariffs and other man-made artificial restrictions which have prevented many people who need Canadian wheat from buying it. The World has had its fill of this so-called "New Order" and will, I believe, after this war revert to the good "Old Order" of much freer international trade, and so to better fed and more satisfied people.

When the stupid harmful trade strangling tariffs, set up by Canada and other countries, are cleared away, then most definitely demands for wheat will increase, surpluses will disappear, wheat prices will rise and, because foreign goods will come into Canada more freely, then the cost of the "things farmers have to buy" will be reduced.

Following factors have tended to raise the price: Prices of some foodstuffs in Belgium have risen 300 per cent since the war started — Great Britain has purchased some of the new crop Argentine wheat — Acute shortage of wheat is reported in China, Japan and Manchuria — 1940 wheat production in Korea estimated at 20 per cent below 1939.

Following factors have tended to lower price: Argentine weather is now favorable for harvesting — Portugal is arranging to add corn flour to wheat flour to economize

on the wheat — Winter wheat prospects continue favorable in the U. S. — Italy produced a record rice crop of approximately 43 million bushels.

# YOUR INCOME TAX

HOW? WHEN? WHERE?

WHO? HOW MUCH?

THIS YEAR, almost every man and woman in Canada will share the burden of paying for the war. A million new taxpayers will pay who never paid before. A personal budget payment plan is available to old taxpayers who are faced with substantially increased income taxes.

Canadians are asked to shoulder their share of the war effort cheerfully and willingly. By paying your income tax regularly you help to speed the production of war material, and bring the day of victory closer. Figure out how much tax you will have to pay, and arrange to pay promptly when due.

Pay by instalments—the easy way—and save interest.

Cut out this page and keep it for future reference.

## WHO PAYS INCOME TAX?

If you are a single person without dependents, and your income in 1940 was more than \$750.00 you pay general-income-tax.

If you are a married person without dependents, and your income in 1940 was more than \$1500.00 you pay general-income-tax.

If you are a married person with children, you are allowed \$400.00 exemption for each dependent child or grandchild, in addition to the \$1500.00 exemption.

NOTE: In addition to the general-income-tax you pay National Defence Tax on your total income without any exemption if you are single and your income goes over \$600 or if you are married and your income goes over \$1,200.

## HOW DO YOU PAY?

Your income tax may be paid in the following ways—

1. **The Present Method:** At least one-third of the tax to be paid by April 30th, the balance, with interest at 5% from April 30th, to be paid by August 31st. On any balance unpaid after August 31st, the interest rate will be 8%.

2. **The Proposed Method:** In 8 monthly instalments without interest. To take advantage of this new way of paying, the first instalment must be paid on or before January 31st. You must pay at least one-third of the estimated tax in four equal monthly instalments, in January, February, March and April, i.e. 1-12 of the estimated tax in each of the said 4 months. The remaining two-thirds must be paid in four equal monthly instalments in May, June, July and August, i.e. 1-4th of the estimated tax in each of the said 4 months. (This will be in the amended law.)

3. **The Recommended Method:** This method will not be found in

the law but it is a simple method, namely, in eight equal monthly instalments, without interest, commencing in January.

To take advantage of the monthly payment plan without interest each payment must be made on or before the due dates. Otherwise interest will be charged on the total balance remaining unpaid after April 30th.

## EXAMPLE OF INSTALMENT PAYING WITHOUT INTEREST

If your estimated tax is \$60.00 you pay one-third of the tax (\$20.00) in four instalments (\$5.00 each) and the remaining two-thirds (\$40.00) in four instalments (\$10.00 each). Your payments are therefore as follows:

On or Before Jan. 31	On or Before Feb. 28	On or Before Mar. 31	On or Before April 30
\$5	\$5	\$5	\$5
On or Before May 31	On or Before June 30	On or Before July 31	On or Before Aug. 31
\$10	\$10	\$10	\$10 = \$60

However it is recommended that you pay your tax in eight equal monthly instalments of \$7.50 each—\$60.00.

Instalment Income Tax Remittance Forms are available at any post office, or any branch of any bank, or the office of the Inspector for your

District, and their use will ensure accurate and proper allocation of your payment. However, you can send in your instalments by ordinary letter with your name and address plainly stated thereon, clearly indicating the division between Provincial and Dominion Tax payments.

## HOW MUCH DO YOU PAY?

The general-income-tax is payable on your net income less exemptions.

If you are single, your exemption is \$750.00. Thus if your total income is \$1,000.00 you must pay tax on \$250.00.

The exemption for a married person is \$1,500.00 plus \$400.00 for each dependent child or grandchild. Thus if you are a married man with two children and a total income of \$2,000.00 your total exemptions are \$1,500.00 plus \$400.00 for each child, or \$2,300.00 in all. So you pay tax on \$300.00.

Payment: You may send a cheque, Post Office or Money Order in payment of income tax by mail, to the Inspector of Income Tax for the District in which you reside, made payable to the Receiver General of Canada. Write plainly, and give your name in full, so that mistakes in crediting may be avoided. Do not send money or postage stamps in envelopes.

## RATES OF NATIONAL DEFENCE TAX

For a single person

2% on the total income if the income exceeds \$600 and does not exceed \$1,200.

For 1940 the tax is on one-half of the income and the tax credit is \$4.00.

## LIVESTOCK FROM THE WAR ZONE PEDIGREE PIGS CROSS THE ATLANTIC TO CANADA

Britain continues in the midst of war to send pedigree livestock across the seas to remote corners of the world.

Sheep from Romney marsh have recently been landed on the lonely island of Ascension. Bred for generations on these exposed marshes of the English Channel, they thrive where other sheep would

perish. One ram of this breed was sold to Argentina last September for 210 guineas.

Red Pol cattle have been safely delivered as far from East Anglia as Nepal. They are the only hornless breed in England, sprung from a century of skilful mating of the Norfolk strain, with its red color and beef production and the Suffolk, with its excellent milking qualities.

A consignment of pigs has also just crossed the Atlantic and Canada to Vancouver. They are large Whites, the breed which has a

larger proportion of lean to fat than any other. The sows are excellent mothers and very prolific while their piglets are hardy and rapid growers, equally ready for slaughter at an early age where small joints of pork are required, or to be taken on to a very large size and weight.
